- Tampilan Hasil Running  
(Jika Lulus)

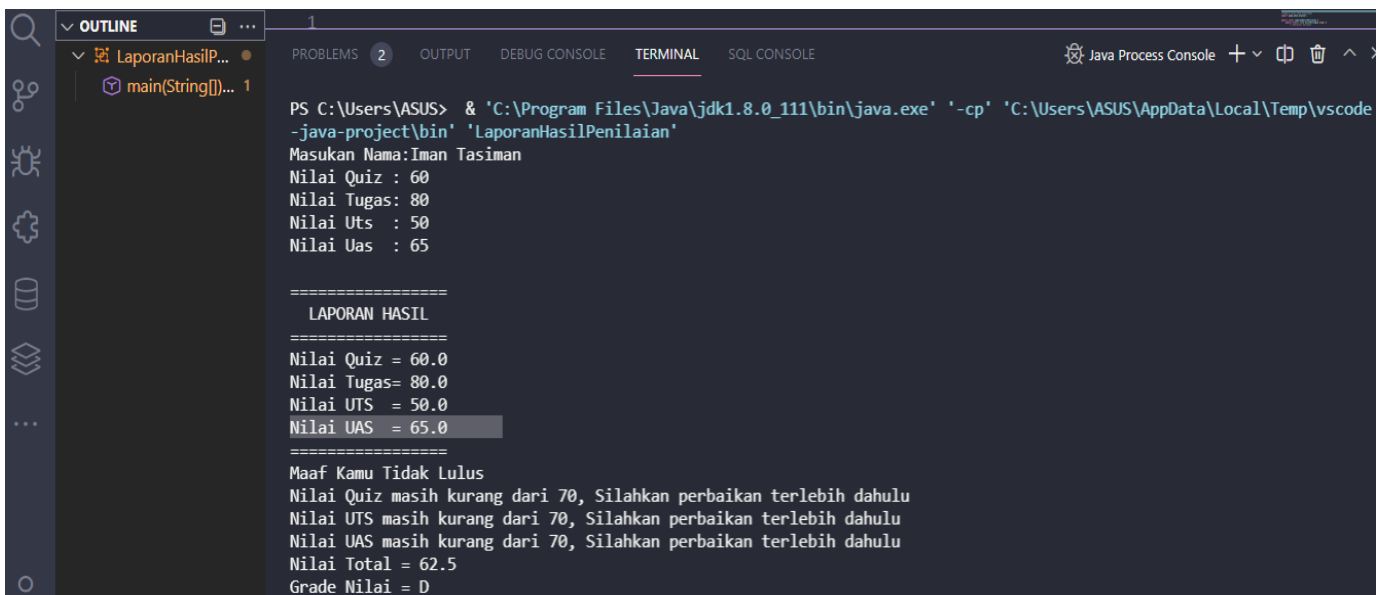

The screenshot shows the VS Code interface with a terminal window open. The terminal displays the output of a Java program. The program prompts for a name, then calculates and displays scores for Quiz, Tugas, UTS, and UAS. It then prints a report titled 'LAPORAN HASIL' showing the calculated values and a final message 'Selamat Iman Tasiman Sudah Lulus' (Congratulations Iman Tasiman, you have passed) along with a total score and grade.

- (Jika Tidak Lulus)

The screenshot shows the VS Code interface with a terminal window open. The terminal displays the output of the same Java program as above, but with lower scores. The program prompts for a name, then calculates and displays scores for Quiz, Tugas, UTS, and UAS. It then prints a report titled 'LAPORAN HASIL' showing the calculated values. The final message is 'Maaf Kamu Tidak Lulus' (Sorry, you did not pass) followed by instructions to improve scores in each category. The total score and grade are also displayed.
